

# Field Trips

At Lithia Springs Farm

## Experience

We are so happy you are joining us for your field trip. Every field trip experience at Lithia Springs Farm is different, because our animals are ever changing. We constantly have babies coming and going. We always want to make sure the field trip students get a special experience on our farm. It can be milking a goat, or collecting eggs and learning how to tell if they are fresh. Certain times of the year we have baby pigs, goats, ducks, bunnies, or chickens. We will make your experience special for the students.

## Schedule and Flow of Field Trip

We start by going over the safety rules and an overview of our farm and our workers. Then we start the walking tour where we visit each animal, feed them, brush them and tell students about them while we answer any questions they might have. The animals love it just as much as we do! After meeting each animal, we will head over to the craft tables to do our craft, which your students will get to take home. At the end of the field trip, you just collect what you brought. We will worry about trash and other garbage that may get left behind. We do allow you to bring a packed lunch for your students which they can eat at our picnic tables. If you do plan on bringing lunch for your students, just let us know and we will adjust our schedule accordingly. We do have a sink and a bathroom on site. We do ask that you wash your hands frequently to keep you and our animals safe. Our field trips are 2 hours.
